PROFESSIONAL EXPERIENCE

Order Management Representative

MAR 2022 – AUG 2025

Kerry Group · Taste & Nutrition · Global Business Services (shared service centre) · Kuala Lumpur

- Owned end-to-end order-to-cash in SAP ERP for 50+ multinational accounts, processing approximately 600 orders per month across order entry, amendments, pricing, master-data validation, delivery scheduling, billing/invoicing and credit notes at 96%+ accuracy.
- Held 100% on-time delivery on critical accounts through daily exception and backorder management, coordinating planning, logistics, finance and customer service to clear blocks before customer impact.
- Followed up overdue and unpaid invoices and supported collections and cash application, matching customer payments to invoices and resolving billing disputes with finance.
- Led escalations on high-value accounts through root-cause analysis, corrective action and written follow-up with customers and internal stakeholders.
- Automated recurring SAP reporting with Excel macros, formulas and trackers, reducing manual work and reporting errors; the tools were adopted team-wide.
- Trained 10–15 new joiners on SAP transactions and order-management workflows and authored the process documentation used for onboarding.

General Manager — Branch Operations & Procurement

NOV 2017 – MAR 2018

Golden Dragon Egypt · Branch of Jahoo Trading Co. · Cairo · Project-based

- Owned procurement end to end: identified and qualified suppliers in Korea and Egypt, issued RFQs, compared quotations and negotiated price, Incoterms (FOB, CIF) and lead times in Korean and English.
- Issued and followed purchase orders through to delivery, coordinating shipment scheduling, import and customs documentation with freight forwarders.
- Verified supplier invoices against orders and receipts before payment and managed ongoing vendor relationships.
- Ran branch administration, licensing and compliance for regulated international trade.

ADDITIONAL EXPERIENCE

Concurrent, freelance and project-based roles held alongside — or following — the assignments above.

Founder & Operations Director

MAR 2013 – PRESENT

Klovers · Own online Korean-language academy · Run continuously alongside all other roles

- Built the business from zero to 200+ customers across 15+ countries, owning the commercial cycle from acquisition through retention.
- Delivered 1,318 live sessions in 2022–2024 alone, tracked in the platform's admin dashboard.
- Runs the learning platform, teaching, pricing, packaging and P&L in English and Arabic, part-time and without a break since 2013.

Trading Support Executive
JUN 2026 – AUG 2026

- Taught Korean and Arabic in Cairo and Budapest, including Samsung's Korean directors.

SELECTED PROJECTS

Trading-support investigation playbook — Doo Group
Turned complex client disputes into evidence-based answers from MT5 tick data, server journal logs and trade reports; calculated compensation to a written methodology for approval; documented it all in the team's SOP and knowledge-base library.

Klovers learning platform — built and run myself
Built the academy's bilingual Arabic/English web platform with AI-assisted development (React, Vite, Supabase, deployed on Vercel): placement testing, levelled course paths, a trial-class booking flow with automatic alerts, and an admin dashboard holding 2022–2025 student, session and payment records with data-quality checks — covered by 1,100+ automated tests.

Korean course materials and placement test
Wrote The Klovers Korean Book A-0 (31 pages, 6 chapters + answer key), designed a 7-book series from Level 0 to TOPIK 6, and built a placement test with Korean questions and Arabic instructions.
